

COMMERCIAL & INDUSTRIAL HVAC EQUIPMENT

# Engineered Solutions

APPLICATION: *COIL HOUSING FOR 3<sup>RD</sup> PARTY UNIT*

EQUIPMENT: *CHILLED WATER COIL*

### Unique Features & Benefits:

- Adding Cooling Capacity to Existing Systems
- Outdoor Insulated Construction
- Intermediate and Floor Condensate Drain Pans
- Low Pressure Drop to Allow Utilization by Existing Fans

## HOUSING MODEL - REF# CW1757

### Technical Specifications:

Supply CFM: 40,000 CFM Capacity: 58.9 Tons

- Interior Lined Unit
- Fully Insulated Housing
- Coils Selected to Mitigate the Need for Additional Equipment
- Designed for 149 GPM of Chilled Water Flow
